* AD (Affiliated Distributors) Vendors

AD is the largest wholesale buying group in North America with collective annual sales in excess of \$30 Billion. AD provides leading independent distributors and manufacturers with the support and resources that accelerate growth. AD helps quality independents, of all sizes, better compete with national chains. AD helps quality manufacturers build their brands, introduce new products and reduce their reliance on national chains. We are proud to be a member of AD's Industrial Supply Division. (To learn more about AD, go to www.adhq.com)

We Don't Just Sell 'em... We Fix 'em, Too!

**A•I•S Is Your Locally Owned, Colorado Connection
For Power Tools, Hand Tools & Industrial Supplies**

www.aisind.com

AIS was founded in 1945 by Paul J. Christensen to service the airlines at Stapleton Airfield after the second World War. As the makeup of Colorado industry changed through the years, so did we. Our main focus now is on heavy industrial and commercial construction with a growing emphasis in oil and gas construction.

As we celebrate our 80th anniversary, we are proud to still be an independent supply house alternative to the national chains. (For a more complete history of the company, go to the About AIS section of our website.)
